The Preparing For Investment Opportunity Initiative (IOI)

Project “Hue”Manity takes an honest look at the local population (30 minute radius or 4 million persons) to determine the path of least resistance to a positive change. Changes we hope will attract potential investors to the area. Many of these areas have been neglected or what funds did come in, didn’t go as far as people hoped. Project “Hue”Manity studies the community and provides a way that doesn’t require money, however it will make the community money.

Project “Hue”Manity does not keep THE CREATOR, GOD, ALLAH, OR ANY NAME YOU CHOOSE, out of the conversation. We instead find similarities that we can all agree on, LOVE, so forward progress is desired not forced. LOVE, That is the path of least resistance. The path has many elements of surprise, because convincing people to change is a challenge. Especially when most people view the world outside themselves as the problem. Project “Hue”Manity faces that challenge head on, with an “Honest” accountability, that also is spoken from a place of LOVE, OUR CHILDREN.

A Child is the representative of GODS LOVE, and HONESTY. A Child desires a healthy and happy family, and also know when they are being neglected. When given a trusted authority figure, a child will explain what the adults around them are doing, good or bad. They will cheerfully tell you about the happy, fun times, and they will withdraw or act out, having nothing joyful to share with you. Project “Hue”Manity motivates the children to help us retrieve an Honest assessment of their parents, so we can provide the assistance they need. Not To Punish, But To Treat.

To lead with LOVE, we must first find “Honesty”. Because GOD is LOVE and LOVE doesn’t lie. Project “Hue”Manity has addressed the issues facing our planet and civilization with our youth and they all agree. **THE ADULTS ARE THE PROBLEM.** That’s why we have taken a “Bottom Up”, approach to this problem. LOVE, being the leader of this adventure, our leadership in “Honesty” must come from the Children. The plan is simple, and that’s how Project “Hue”Manity knows it’s from GOD. People expect things to be complicated and cost a lot of money. Project “Hue”Manity is here to prove those things are incorrect, when a community works together, in LOVE.

Plan Outline

Change In Schools

- A) All PTA Meetings will be move to Fridays at 7:00 p.m., to allow parents to make it home from work and teachers to have a break. PTA Meeting will be moved because a parent(s) is more likely to attend, if there's no work the following day.
- B) Our Accountability Experts (**explained below**) will report any reason(s) for a parent(s) absence at each PTA Meeting.
- C) All living parents (**IN or OUSIDE HOME**) will be "Required" to attend (6) of the (12) PTA Meetings per year. (Video Conference Acceptable For Special Circumstances)

Accountability Experts

- A) The Youth will be our Accountability Experts, learning early the value of honesty (LOVE) in our society.
- B) Our teachers will guide them with the understanding of what is considered appropriate behavior. They will also teach them concerning the principles of, "**Do Unto Others, As They Would Have Them, Do Unto Them**".
- C) The Youth will also have a Very Clear understanding pertaining to their reports and any consequences that could follow. Anything they report will be reviewed (**By Elders**) and investigated by a group of Elders.
- D) Because we want the Youth to participate, All Reports before sent will read, **We have a "Treatment First" Design. Incarceration will be viewed as a last resort measure.**
- E) The Youth will also receive payments for helping to train our Elders who are learning the Accountability Monitoring System (AMS)
- F) False reporting will be considered "**Slander**" and carry consequences. Not to exceed punishment the accused perpetrator would have received.

All Persons who seek help, confess or report themselves, will receive reduced consequences.

Elders And Technology

- A) Our Elders will monitor the reports received from our Accountability Experts. Our Elders are well aware of what society "Should" work on "Growing Up" from or "Learning" Not to do anymore. They have the experience to "Honestly" address any reports received from the Accountability Experts.
- B) Our Elders will receive "**Tax Free**" payments for any work they preform for the Monitoring System.
- C) Our Elders now participating in our technological age, will begin to grow in exciting new ways. Knowing they are actively participating in society again. They will begin physically benefiting from the growing of new brain connection, while become excited about life again.
- D) Our Elders working with our youth will also share their experience and "Moral Values", as they learn together. This new relationship will create a connection and begin facilitating the moral growth needed in society.

Accepting Help From Outside Mental Health

- A) Many segments of our society have been misinformed about the benefits of counseling, therapy or treatment, and our children are suffering.
- B) We must begin to understand that help does not always have the same color as we do. Our children have asked for help and the help we “Need” comes from UNITY.
- C) “Free” Online Group and Solo Counseling available to everyone in the state. From Addiction Specialist to an Emergency Breakout Room, all available from 7a.m. to 11p.m. (After Hours Dial 911)
- D) Every group counseling session will be directed to another state, when logging into the session. (Example: A person from Jackson MS, will enter a session in Tacoma WA)
- E) Privacy and Block Areas setting will also be available to protect the user’s identity.

Working With Small businesses (Project Next Dream/ Project Gifted)

- A) TRUST, outlines this portion of the process. If we are going to move forward with LOVE, we must also “Begin” to show trust. Business partnerships used to accelerate growth and development in a specific area. (Example: Person with great business idea, partners with person with not only investable capital, but also experience. With the experience of opening a similar business, they will form a partnership to move things faster).
- B) The partnership will bring to the **targeted areas** “New” businesses, but also a **clean more orderly establishment**. (HONESTY: The targeted areas are not being respected by the people living in those areas).
- C) All hiring for these “New Projects” will be done from the “CLOSEST AVAILABLE” candidate standpoint. This will make getting to work easy, while also keeping revenue in the area. (Persons living close to work location will be hired first)
- D) Each business partnership will also invest in the “Next Dream” next location in the same area. (Rebuilding an area, building by building)
- E) Businesses that are already established and desire to move from “Targeted” to “Non-Targeted” locations, will also share in this expansion of growth. Many of the same reason apply for the partnerships, experience, orderly and connections.
- F) **(Project Gifted) All partnerships will last for no more than 10 years, or when both partners have satisfied the terms of the agreement. (Terms vary based on situation) At the end of the agreement, the property will be gifted to owner in targeted area. “Non-Targeted Area” business are not subject to terms under the “Project Gifted” program.**

- G) Local (Mississippi) Banks will handle any loans for projects related to the partnerships in the Project Next Dream/ Project Gifted program. (Loan size may require outside assistance from National Banks)

Increase First Responder Salary

- A) Everyone will be required to send \$3/month to **The First Responders Appreciation Fund** (Fixed Income Exempt)
- B) Accountability Experts Will determine the proper distribution of funds between First Responder Sectors.

C-Spire Initiative

- A) Request to support our plans by providing the wireless internet services needed for the online counseling.
- B) Benefit to C-Spire (**National Attention, New #1 Carrier**)

Amazon/Walmart Initiative

- A) Donate or lost cost Chromebooks for all low-income persons who need assistance with a device for “Free Online Counseling”. (**They can afford it. I ordered a \$700 keyboard combo set up from Amazon. I received two (2) \$700 keyboard combo set ups from Amazon. I called to inform them of the two (2) deliveries and more importantly, make sure I was not billed twice. They explained I was only billed once and that I could keep the duplicate order.**)

WHY? The Preparing For Investment Opportunity Initiative (IOI)

OUR HONESTY IS OUR NEW STRENGTH. Honestly, We are not ready, yet...

The investors we hope to attract to the area, will see us working together towards not only a better Mississippi, but a better America. Our State has been discussed on television as a place of hate and division for years, but that's not the Mississippi most of us live in each day. We live in a **"Beautiful Blended Community"**, until we get home and watch TV. Somehow forgetting about our BELOVED coworkers. This Change will get the attention of businesses from around the world and potential investors will look to **Mississippi First**, and no longer last.

The Time Is Now To Change Our Direction, For The Youth. They Deserve Better Than We Had, And Now Is The Time For That Change.

ACCEPTING THE PAST, BUT NOT LIVING THERE

THE CHALLENGES from the past are just that, the Past. We have repunished ourselves daily, living in a time many of us don't remember. We have punished our children for generations, teaching them the same misunderstanding we learned from our parents. When will we learn that if GOD created us all, our job is to find a way to live together, with LOVE?

Expecting us to not disagree, is like living in a fantasy or dream, however overcoming our disagreements is expected. Not to live in the mistakes of our past, but to **accept them, and learn not to repeat those mistakes**. Let this next generation see us finally moving away from our past and into the "Future".

The Future they've requested from Project "Hue"Manity.
